A number of Comanche County boys have been assigned to Company "D" 343 Machine Gun Battalion, which organization, as its name implies, is training to utilize machine gun against the Germans in the present struggle.

Alva E. Herring has been appointed acting corporal on the recommendation of the Company Commander, Captain Clark Wright. The men have experienced a very recently. Last week the company moved to another section of the camp. Each man had to be on the job, and it may be said that the change of location was accomplished smoothly and with dispatch. The men are taught to act promptly on all occasions, and they are learning the lesson well, as was demonstrated in the move.

Friday afternoon, Nov. 9, was devoted to a divisional review, in which all men of the division participated. The afternoon on Wednesday and Saturday belong to the men. Duties cease, with the exception of those absolutely necessary to be performed. The time is spent visiting, San Antonio, in playing games, writing letters, etc. The creation is grateful, and doubly appreciated on account of having been well earned.

Frank C. Mills has been appointed acting corporal on recommendation of the Company Commander, Captain Clark Wright.

Charles W. Smith has been appointed corporal on the recommendation of the Company Commander, Captain Clark Wright.

The men of whom personal mention has not been made are well, and are performing the duties of a soldier from day to day.

J. M. WEST DEAD

J. M. West, for many years a resident of Comanche, passed away at a sanitarium in Fort Worth Monday night after an extended illness.

James Milton West was born in Fayette county, Miss., September 25, 1856, where he grew to manhood and was married December 23, 1878, to Miss Kate Humphries. To them were born six children, five girls and one boy, all of whom were present save one daughter, who preceded her father in death. They are R. O. West of Rising Star, Mrs. Ethel Niel of Gustine, and Misses Merle, Pearl and Cullie West of Comanche.

Mr. West professed religion at perhaps 18 years of age and joined the Methodist church at that time, being an active member all his life serving several different times as a steward.

Mr. and Mrs. West came to Texas in 1893, moving to Dublin where they resided until some fifteen years ago, when they moved to Gustine, later moving to Comanche.

Mr. West was a traveling salesman for the Western Buyers and Brokerage Co. at the time of his death.

Mr. West was one of those men who lived out his years as he believed was the wish of his maker, and made many friends in Comanche who sincerely regret to hear of his passing away.

He was a son of John Milton West, brother of Ezekiel West, father of Wm. and John West.

His remains were laid to rest at Oakwood cemetery on Wednesday at 10 a. m. Rev. Tenny conducting the services.

MISS GLADYS PHILLIPS DEAD

Miss Gladys Phillips passed away on Friday, November 9, at the home of her parents in Comanche after an illness of long standing.

Miss Gladys had many friends among the people of Comanche who regret to learn of her untimely death. She was a young lady of excellent character and winning ways and bore her continued illness with a rare fortitude that only come to those who have so lived that the "life beyond" holds for them no terrors and no shadows dim their passage to that eternal home promised by Him who went to prepare it for the son of men.

The remains were laid to rest by the hands of loving friends at Oakwood Cemetery Saturday at 5 p. m.

DON CARNES DEAD.

Don Carnes, after an illness of several weeks, passed away at his home north of Comanche Tuesday and was buried at Zion Hill Cemetery on Wednesday at 10 a. m.

Mr. Carnes was a young man just well started on his life and it is with keen regret that we note his passing away while most of life yet lay before him.

A MISUNDERSTANDING

Some people are somewhat mixed up over the matter of sending presents to soldiers on account of an article that recently appeared in the columns of The Chief-Exponent.

The article referred to stated that Christmas packages mailed to soldiers in France should be mailed before November 15, but this had nothing to do with the sending of presents to the boys still in America. There is no difference in the manner or the time of getting presents to the boys who are still in this country. The article only referred to sending presents to foreign countries.

COMANCHE PEOPLE CONCLUDE BIG DEAL

Meadows Grocery Co. Opens Big Waco House—Buys Former Concern— Capitalizes For \$300,000.

One of the biggest "deals" made in this section of the state recently was completed this week when Meadows Grocery Company completed a deal whereby they opened a central wholesale house in Waco, taking over the Taylor-Hanna-James Company of that city.

The deal has been on foot for several weeks, but final arrangements were not completed until Tuesday of this week when all the details of the trade was completed.

The Taylor-Hanna-James Company was one of the leading wholesale concerns of Central Texas and was capitalized for \$200,000 and owned one of the most modern and up-to-date buildings in Waco, it being a four story brick building equipped with all modern conveniences, such as electric elevators, etc., and is located at South Second and Mary Streets.

Under the new management all the members of the Comanche firm become directors in the new concern, namely, C. W. Meadows, W. J. Cunningham, Henry Moore, Hart Shoemaker, and H. H. Stevenson. To the membership is added T. R. Holmsley of Comanche, S. E. Couch of Ozona, M. B. Pulliam of San Angelo, P. G. Taylor of Waco, former head of Taylor-Hanna-James Company; Walter King of Waco, former secretary of the same concern; M. B. Orde of Chicago, president of the Farmer Jones Syrup Co.; W. G. Gurley of Chicago, president of Chicago Street Railways, and their associates.

C. W. Meadows becomes president of the new company; Henry Moore, first vice president, and T. R. Holmsley 2nd vice president. The changes will affect Comanche in the transfer of Messrs. Meadows, Holmsley and Stevenson and probably Mr. Shoemaker to Waco and Mr. Moore will become head of the Comanche house and its branches. The Comanche house will in no way be diminished, but on the contrary will likely enlarge its operations.

The firm will likely at an early date add several more branch houses to be handled directly under the Waco house. Under the new order the firm is incorporated for \$300,000 and will probably at an early date increase that capital to half a million.

The addition of the Waco house and the increase in the capital stock are but steps in the process of building that this firm has been doing for several years. The Meadows Grocery Company went into the wholesale business but little over three years ago with a capital of \$20,000 and its operations made such rapid strides that at the end of the year 1916 they increased their capital to \$100,000 and now at the end of another year they find it possible to launch out into still broader fields. During the year of 1917 the concern will likely do a half million dollars worth of business in Comanche and the two branch houses they have operated during the past year. In fact there is no doubt of the fact when it is seen that already the half million point has been reached and there is a month and a half yet to go.

The leaders in this enterprise are Comanche raised men and men in whose success in the business world all Comanche takes pride as well as themselves, and it is our prediction that the success of the present firm will be no less than has been that of the old firm and we join the many friends of these men in wishing them that success.

COMANCHE STORES TO CLOSE ON THANKSGIVING

All Comanche's business houses will close on Thanksgiving day if the custom previously followed is carried out.

The average business man gets two holidays per year—Thanksgiving and Christmas—and there are plenty of men who appear at their regular places six days every week for fifty-two weeks of every year save on Thanksgiving and Christmas.

We are bringing this to the attention of the people of the county at this time in order that it may get circulated over the county so as to prevent people from coming in expecting to do business from being disappointed.

UNCLE JOHN DAMRON

J. H. Damron, known by everybody as Uncle John, died just before four o'clock Tuesday afternoon at his home in Blanket, his death following a paralytic stroke which he received while out shooting birds some two weeks. At that time he was carried to his home in a wagon by his son, J. W. Damron, in a helpless condition, though was never unconscious, and recognized his friends until the end came. He was the victim of a paralytic stroke about two years ago. Funeral services and burial took place at Zephyr Wednesday afternoon at 3 o'clock under the supervision of the Masons and assisted by his pastor and friends, and attended by hundreds of citizens over this section of the country.

The deceased is survived by a wife, three sons and one daughter, and a countless number of friends.

Uncle John was a resident of this section 29 years. Was one of the bravest and truest men that ever lived. He was a character member of the Methodist church in the Turkey Peak community where he retained his membership until his death.

In the going away of this splendid character this community loses a noble, consecrated Christian spirit that will be sadly missed, but the memory of this good man will remain in the hearts and minds of his friends and loved ones until they shall be called home when his personal association will be renewed and enjoyed forever.

Uncle John, before his death, called his life-long friend, Rev. Z. T. Blanton, to his bedside and instructed him as to funeral arrangements, requesting that the Masons have charge and that Past Master Alvin Richmond preside, and that Brother Blanton give a biographical sketch of his life.

The following is the words of Bro. Blanton who has known and has been closely associated with the deceased for nearly 60 years:

"August 14, 1826, in Kentucky, there began a life unique in its greatness despite its environments. That personality bore the name of John Henry Damron. Thrown upon his own resources, a busy brain and willing hands, he met bravely the stern forces playing around him and carved his way and took his merited position as a living factor in civic righteousness. Emerging into manhood, the war with Mexico found him in Santa Fe, N. Mex., associated with Kit Carson and other like characters, where he enlisted in the U. S. service and helped to secure in that struggle the vast undeveloped riches ceded to our republic.

"Returning home, he was married to Elizabeth Melugin, Jan. 9, 1849. He came to Texas in 1852 and settled in Fannin county. He helped to hold down the wild spirits of those days as an executive officer. When the storm of Civil war broke upon our fair Sunny South, he organized Company C, Hardeman's Regiment, 24th Texas Cavalry, Gano's Brigade. He did active service in field and as a scout. He went home to his wife and children after the war and took up the duties of a private life. His petition was carried by his friend W. A. Routh in '56 or

The children of his first union and still living are Mrs. Belle Savoy, Tom, Joe and Wesley Damron; deceased, Mrs. Rebecca Simmons and Simeon Damron. He sheltered and raised as many or more orphans than his own children. Though never wealthy, he was rich in his compassion towards the needy.

"His religious life began early and as a member of the M. E. Church South, he became an active leader, as an exhorter and maintained his Christian character to the last. He was laid away at Zephyr, Texas, by his Masonic brethren and Christian friends. May we emulate his life and improve by his example. His age was 91 years, 2 months, 22 days."—Blanket Signal.

TROOPS MAY NOT GO TO FRANCE FOR SIX MONTHS

Washington, Nov. 10.—The possibility that the first increment of the National Army will not be sent to France for at least six months loomed large today when it became known that the allies demands for food, coal and iron are so strong as to forecast use of available ocean tonnage for their transportation instead of troops.

A decision will rest solely with reports expected soon from the American commission now abroad and on figures now being gathered by the Food Administration Department to show the amount of grain and other food products available for export from United States and from South American countries. Indications are that the Food Administration believes the food situation, particularly in England, France and Italy will force the United States to use its ships to send food instead of soldiers.

Plans for the second draft would be affected by postponement of the removal of the first increment from the camps.

MEN NOT TO BE SENT TO CAMPS FOR TWO MONTHS

Chairman Holmsley of the Local Exemption Board last Saturday received notice that no more men will likely be sent to the training camps before January.

In all the counties there are men who have been accepted for service and who are waiting for orders to entrain for the camps and it is for the information of these that the notice is sent out at this time.

It is not at all improbable that the boys will not be called even at that time, for there has been a halt made in the sending of men to France and but few more men can be handled at the camps until some are sent away.

ANOTHER FIRM GETS ORDERS FROM EUNICE, N. M. Last week we told in our columns about Mr. Brin getting orders from Mr. Belcher in Eunice, N. M., and imagine our surprise when Mr. Huddleston of Slider & Lacy told us that he had received an order from the same person. Mr. Belcher likes Comanche as a market and has faith in those merchants who advertise.

INTEREST PICKING UP. For a time the allies had the war all their way. Then the Italian disaster came. Close upon it came the Russian rebellion. One day the newspapers would carry cheerful news and the next they would all be cheerless. When the cheerful news would come in faces about the square would be bright and when bad news came the faces fell. Our interest in the war is picking up.

IN FAIRNESS TO YOUR NEIGHBORS. If you have a relative, a son or a close friend in the military camps and there is anything in the letters that he writes home which would be of interest to your friends, you are not doing them right if you fail to bring it to us and let us print it for their benefit. This often occurs and we are always anxious to give such news or to publish letters written by the boys back to relatives. Your neighbors are interested and it is your duty to give them the benefit of the information.

WE MUST NOT swing to the other extreme in Texas from the extreme we have reached. The State Government is being conducted on a more wasteful scale than ever before in its history. An effort will be made to put on the lid at the next meeting of the Legislature, and some changes must be made, or else Texas, as a State Government, is to be bankrupt. But we must be careful that we do not adopt a series of state policies so niggardly that we seriously cripple some of the departments that we have spent fortunes to perfect.

SOMEHOW THIS MUST BE STOPPED. Never was the exodus from the country to the cities as great as it is today. High wages in factories of all kinds have caused a general stampede of country folk to the cities. Small towns from small towns as well to the business centers. So great has this become in some instances that the railroads have placed an embargo on shipping household goods to the cities. This is done because the goods are arriving in the cities so rapidly that it cannot be unloaded and transferred away from the freight depots. At the same time there is reported all over the land a shortage of farm labor. These same people are needed on the farm as they have never before been needed. Our nation must produce food as we have never before produced it. It cannot be done if our people forsake the farms. In some manner this exodus must be stopped.

A RARE TREAT COMING. The Majestic, Comanche's picture theatre, has arranged to show the well known photoplay "The Slacker" on November 28. This picture is one of the most widely shown photoplays on the screen today and deals with the great vital question of America's attitude toward the war. In bringing this film to Comanche Mr. Ardis does the people of the town and county a rare favor in the fact that there are many people here who are anxious to see this play who cannot afford to go to the larger cities where it has heretofore been shown. It will be a rare treat to

those who attend for all those who have witnessed it elsewhere pronounce it as one of the greatest pictures being shown today. Comanche's theatre goers have been "spoiled" to good shows on account of the high grade of pictures our local theatre has been giving us for some time, but in this instance it seems that Mr. Ardis is "breaking all bounds" in securing for us high grade pictures.

A REAL BENEFIT. A plan has been evolved by Major General Allen at Camp Travis whereby the little items of local interest in regard to the men at the camp will be sent to the local papers of the counties from which the boys came. We publish these items this week elsewhere under the head of "With Our Boys at Camp Travis." This is indeed a move for which General Allen and those connected therewith should receive the thanks of the whole people especially those who have relatives in Camp Travis. These little items are things that not only the relatives of the boys, but the whole community is interested in. All the "country weeklies" of course would be glad to give their readers this information, but until it was taken up by the authorities it was well nigh impossible to obtain the information. It has been the earnest endeavor of The Chief-Exponent to give its readers all possible news of the boys in the military camps but of course our ability was more or less limited; but through this medium we will better be able to give our readers this much desired news.

ADVERTISING IS GAMBLING if business is not studied. "There is probably no portion of the whole business organization in which so much gambling is done as in advertising," William T. Pickering said in addressing the Kiwanis Club at luncheon yesterday. "This is not because advertising is a gamble within itself—quite the reverse—but because people insist on spending money for it without the investigation and study that every sane man uses in connection with other parts of his business. Any manufacturer should start out by thoroughly investigating his product. He should find out who buys it, who else should logically buy it and the real reason why anyone buys it. This gives him the real talking point of his product. The next step is to select the advertising medium which will reach the most buyers with the least waste circulation. Too many men think that advertising is merely a lot of pretty pictures and catchy copy. Mr. Pickering cited instances of how money had been spent for advertising without obtaining good results, when half the amount spent differently would have been an investment instead of a gamble."—Dallas News.

The above is true as gospel. To many people do not realize that advertising is merely saying on paper the reason why a person should purchase from the advertiser. A man cannot get anything out of advertising if he puts nothing into it. Advertising is in no sense a gamble, but some persons do a great deal of gambling with it.

There may gold and precious stones and other riches rare. But right along aside of them, with which they can't compare. I'd like to name another thing, a certain kind of gink.

Who is a treasure and a jewel—the party who can think. He never needs to hunt a job or howl about a raise; He makes business thinking, and he finds that thinking pays.

The ordinary dub may do for slinging cash or ink. But every little while they need the fellow who can think.

When he bumps against a wall in doing this sort of thing. He doesn't give the matter up and drop it where it's at; There isn't any obstacle that puts him on the blink.

He finds some other way to do, the person who can think. We talk about commodities forever in de-

mand. Like food and clothing, anything in all the mighty land. But here's a market always brisk, if sketched.

The market for the valuable gazabo who can think. The market for the valuable gazabo who can think.

The funny thing about it is it isn't any gift. It's just the difference between the man who work or drift.

It's just the difference between the easy going gink.

And one who takes the trouble just to stop a bit and think.

Young man, if you are wondering what business to adopt.

Or seek an occupation where you never can be stopped.

If you would like to win success, and win it in a wink. Adopt this new profession—be the man who can think!

—Douglass Malloch in the American Lumberman.

Too Much Argument.
On the western plains the sheepman goes out with several thousand head and one human companion. The natural result is that the pair, forced on one another when they least want it form the habit of hating each other.

An ex-sheepman while in a narrative mood was telling a party of friends of a fellow he once rode with. "Not a word had passed between us for more than a week, and that night when we rolled up in our blankets he suddenly asked me, 'How do you like cow bellers?'"

"Sound to me like a bull," I replied.
"No answer," but the following morning I noticed him packing up.
"Going to leave?" I questioned.
"Yes," he replied.
"What for?"
"Too much argument."

Colonel Corki was, as colonels go, not a bad old stick to have about a regiment, says London Ideas. Recently he had three men of his company in to help him remove the grand piano, and, as this gift of Aunt Eliza's was of hefty build, he signed a blank order that the men might obtain beer from

the canteen, leaving the amount thereof for the warriors to fill in themselves.
"Here was a dispute," "Put down six pints," suggested "Private Dumps."
"More like a barrel!" growled one of the others.
"But at last the sergeant came along with the right idea. He filed the paper up thusly: 'Please fill these men with beer!'"

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF
Try this! Your hair gets waxy, glossy and abundant at once.

To be possessed of a head of heavy, beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is very, very inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Danderine, now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff on falling hair; but your real surprise will be after about two weeks use, when you will see new hair—fine and downy at first—yes, but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it thru your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

There was company for dinner and father was carving his prettiest on a fine roast. Suddenly the knife struck a skewer, made a sliding upward motion and came out on the top. Father attempted to cover his real feelings with insipid jests. There was an embarrassing silence. "The dad," said mother, still wrestling with the roast. How did she do it? She was always so quick. Trying to pull the skewers out with her teeth. Not long ago a certain publication had an idea. Its editor made up a list of thirty men and women distinguished in art, religion, literature, commerce, politics, and other lines, and to each he sent a letter. One of the telegrams contained this question: "If you had a forty-eight hours more to live, how would you spend them?" POULTRY DEMONSTRATION

Do not forget to attend the poultry demonstration as announced last week, to be at County Agent Griffin's place Tuesday, Nov. 20, 9:30 a. m. and Mr. J. T. Ross's place at De Leon in the afternoon.

Mr. Kasmeyer cannot be with us but the one day, and all who are interested in more profitable poultry raising, and even those who are not, should not miss this opportunity. Mr. Kasmeyer is an expert of the real sort, and this demonstration will be practical, and profitable to all who hear him.

H. W. Griffin, Co. Agent.

COMANCHE HIGH SCHOOL DEFEATS BALLINGER HIGH

Locals Brove Easy Victory in First Game on Home Grounds.

Comanche High school last Saturday defeated Ballinger High on Comanche's home grounds—by a score of 48 to 0.

The day was ideal for football and perfect for the use of the forward pass with which both teams are skilled. The teams were rather evenly matched as to size and weight with perhaps the odds in favor of Ballinger in weight.

During the first quarter of the game the Ballinger boys outplaying the locals but after Comanche scored two touchdowns in rapid succession they seemed to weaken and the rest of the game was wholly one of defense.

This was Comanche's first game on her local grounds and their exhibition was worthy of the Comanche reputation in football.

Prof. W. S. Fleming of Ballinger accompanied the team to Comanche. The Ballinger boys are a fine set of young men and were made welcome to our city by a party at the High school at night after the game. The Ballinger people expressed themselves as pleased with our town and realized that the Comanche football team was a set of sportsmen who played football hard and treated opponents as gentlemen.

SECOND DRAFT CALL NOT TO BE MADE BEFORE FEB. 15th

Washington, Nov. 10.—President Wilson formally put the new machinery for the carrying out of the selective draft bill into operation tonight with the publication of the foreword which he has written to the regulations under which the second call will be made.

The regulations themselves and the questionnaires, which more than 9,000,000 registrants will be required to fill out, are being forwarded to local boards, but have not yet been made public.

War Department officials estimate that the whole process can be completed within sixty days. This means that no second call will be made upon the draft forces before the middle of next February, as the period of classification will not begin until December 15.

The President describes the new plan of dividing all registered men not already mobilized into five classes, subject to military service by classes, as being intended to produce "a more perfect organization of our man power."—Dallas News.

In event this is true and owing to the fact that the boys in training now cannot be taken out of the training camps before perhaps the middle of May, it is quite likely that these boys will not be called into the service before May or June.

In the morning when I got up, I was awfully dizzy and everything seemed to whirl before me. My kidneys were also congested. I used only one box of Doan's Kidney Pills, but I have felt better since and my back and kidneys have been stronger. I haven't noticed any more dizziness either."

If you will do sewing for the Red Cross go to the headquarters at once and get garments and directions.

Some confusion has arisen over people taking out yarn to make one article and making another instead. This makes it impossible for the managers to know just how many of any one kind of garment they have. Please let the managers know definitely what you are making from the yarn you take out.

"Politics in 1999."

Miss Goldie Green of Dallas who is staging the play "Politics in 1999," Thursday night at the tabernacle, under the auspices of the United Daughters of the Confederacy promises to give the Brownwood people one of the most entertaining home talent plays which has been attempted in this city. As well as having the serious side a number of comic features will be introduced in the play, the proceeds of which will be devoted to United Charities. — Brownwood Bulletin.
 The play referred to is Mrs. Mollie Moore Godbold's latest play which she completed some months ago and which has made a hit wherever it has been shown. National critics pronounce this play as one worthy of a place on the American stage and Mrs. Godbold recently had an excellent offer from a lyceum circuit for the exclusive use of it.
 As it has never been produced in Comanche a good crowd from Comanche expects to attend the performance at Brownwood.

THE WARSHIP THAT BECAME A TAVERN

One hundred and five years ago today the British ship "Macedonian," cruising off the Azores, and Deatur's frigate, "United States" came up with each other at a point about 600 miles northwest of Cape Verde, on the west coast of Africa. In the battle which followed, the "Macedonian" was soon disabled and surrendered. This ship was

the only British man-of-war brought in as a prize to an American port. Great enthusiasm was manifested when she was brought into Portsmouth, N. H. After remaining there a short time the United States navy department ordered the vessel to be taken to the Brooklyn navy yard. On the way she sprang a leak, and to save her from sinking she was beached at City Island, near New York City, now a favorite resort for yachtsmen. Inspection by naval experts showed that the "Macedonian" was unfit for sea service, and she was placed on the auction block and knocked down to the highest bidder. Only one man, named Smith, appeared to have any desire to own a man-of-war, and he secured title to the frigate for the ridiculous sum of \$25.

Mr. Smith opened a bar in the cabin of the picturesque old wreck, on the City Island beach, and the novelty of the thing attracted many patrons. Upon the death of Smith he was succeeded by his son, Jacob, who built a three-story addition to the frigate and called it the Macedonian Hotel. The tavern became a very popular resort. Jacob Smith died in 1912, survived by 84 children, grandchildren and great grandchildren, and one of his daughters now runs the tavern. — Beaumont Enterprise.

COMANCHE BUTCHER REJOICES OVER WIFE'S RECOVERY

A large crowd was present to partake of this excellent spread, but not enough to begin to do anything like justice to the contents of the three large kettles that were filled, and after all had finished more than 30 gallons of this famous article was left over, but in accord to the wishes of Mr. Hoover, it was not wasted, but distributed among the members.

An Old Man's Stomach.

As we grow older and less active less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain poison, but strength the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and hide the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

GENERAL ALLEN ADDRESSES PUBLIC

Headquarters Ninetieth Division, Bureau of Publicity, Camp Travis, Texas, Nov. 10, 1917.

To the end that parents, relatives and friends of the soldiers now composing the 90th Division, National Army, Station at Camp Travis, San Antonio, Texas, may be kept informed as to the health, progress and general welfare of the men composing this army division, Gen. Henry T. Allen, commanding, has established a publicity bureau. This Publicity Bureau will each week send to the country newspapers of Texas and Oklahoma items of interest concerning the soldiers at Camp Travis. Every effort will be made to so localize these items that each newspaper will be supplied with news that relates to men from the county in which the particular newspaper is published.

Gen. Allen is well pleased with the progress the soldiers now at Camp Travis are making. If the intensive training schedule that has been followed up to this period continues to produce such splendid results, it is the belief of those high in command here that the 90th Division will be trained to energetically uphold the liberties of the world at a date much earlier than has been planned. The first French officer who reached Camp Travis to assist in training this division in the finer points of the war-game expressed himself as being agreeably surprised at the results of the training so far given.

To the end that there be no irksome periods of training, General Allen has given especial attention to providing ample and healthful recreation for the soldiers at his

RECOVERS AFTER 20 YEARS OF SUFFERING

Gained 20 pounds on Tanlac and says she now feels fine—told she could live 3 months.

"When they carried me to the hospital and I refused to be operated on, I was told I would not be alive three months longer, but since I got to taking Tanlac, I have actually gained all of 20 pounds and my improvement is a surprise to lots of people who knew about my dreadful condition."

The above remarkable statement was made by Mrs. J. H. Spears, residing at 765 Crockett street, Memphis, Tenn., a few days ago.

For twenty years, Mrs. Spears continued to suffer with a bad form of indigestion and the most painful form of cramping in my sides and back. Some said I had a floating kidney, some said neuralgia and others called it gallstones. I don't know what the trouble was, but anyway I just can't describe the awful suffering I had to endure with these spells. I had no appetite at all, and everything I ate would sour on my stomach and form gas which caused a pain to start that would draw me double. The misery would begin in my back and then work up in my chest and make my heart flutter and palpitate until it would almost choke me to death. Many a night I have stayed awake and cried with pain and misery and I have even hobbled out of bed to sit on the doorstep, trying to get relief, and I was so weak, especially in the mornings, I couldn't walk.

"I had no strength at all and frequently would have to have my breakfast brought to my bed, as I couldn't get up for it. My husband spent a small fortune trying to get me well, but nothing helped me, so it was decided that an operation was necessary. I was so despondent that I felt that I wouldn't live through it, and refused to allow it."

About this time Tanlac came to Memphis and I thought I didn't have much faith in any medicine, I tried a bottle of it and quit. Last September my husband and myself decided that I would give it a thorough trial, and I began taking it again.

"Soon after I had taken the first bottle, I noticed my appetite began to come back, and now, my husband says he will have to get a raise in salary to keep me in something to eat. I am so ravenously hungry all the time. I have gained so I am about to outgrow my clothes and my strength is increasing every day. My stomach is perfectly well now and I haven't had one of those spells since last September. My back and side feels a great deal better and are improving all the time and I can sleep like a child at night. After my second bottle of Tanlac I could go to the table for meals and now I frequently cook our Sunday dinners so the cook can go to church. Money just couldn't buy the good Tanlac has done me, and I can't praise it too much."

"Tanlac is sold in Comanche by Hamilton Drug Co., in DeLeon by T. P. Weaver & Son, in Proctor by Dingle & Luker, in Sipe Springs by Smith's Drug Store, in Duster by Tomlin Drug Co., in Sidney by E. A. Chastain, in Wilcox by W. M. Redwine, in Lamkin by Carmichael & Cayle, in Gustine by I. Sadler, and in Beattie by A. Clements."

FAMILY MEDICINE

Her Mother's Home, Says Georgia Lady, Regarding Black-Draught, Balm for Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, this place, writes: "I am a new Theodor's Black-Draught. In fact, was one of our family medicines. I sold my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us Black-Draught, which would cure the trouble. I often, in the ring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regularly until the liver acted well, and we would soon be well and around again. We would not be without it. It certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been used for many years in the treatment of constipation, liver and bowel troubles, and the popularity, which it enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such clear-cut symptoms as headache, biliousness, constipation, indigestion, etc. Unless something is done, serious trouble may result.

Theodor's Black-Draught has been used in a valuable remedy for these troubles. It is purely vegetable, and is in a prompt and natural way, stimulating the liver to its proper action and cleansing the bowels of impurities. Try it. Insist on Theodor's, original and genuine. It is

FROM THE NAVY.

HOWARD MOORE, 1000 FURLY ST. S. E. REC. SUP. CHANDLER, Pa.

Nov. 8, 1917.

Dear Sir: It has been some time since I wrote you last. How is everything in Comanche? Fine hope.

I guess everybody is talking hard times—I expect everything does look kinder bad. Everything is nice in the Navy these days. Since I left the training station I have almost got a home. But just a little, cool you know. But the people are sure good to the sailors here. Nearly every day there is someone out here getting us to go to a church party or to some "smoker." They always have some place for us to go. I suppose you heard about my trip to Camden, N. J. Well, anyhow, I went over to see and to be seen. But when I got out of the hospital I was to be seen. But I couldn't see. So I stayed on one side of the Delaware river and Camden on the other side. The negroes are thought too much of up here to suit me but I very seldom say anything about it. Well, as I know nothing to write, I will close. Hoping all of you people good luck.

I am as ever,

Which Side are YOU On?

Are you one of the many thousands of Texas who think they govern this state and who every year send in their hard-earned money at the front door of the state capitol to defray the cost of government?

Or, are you one of those sleek, well-fed, superbly dressed and leisurely gentlemen who take money out of the back door by the bagful and shovelful, and who are the ones who really do govern the state?

Of course if you belong to the latter class you will not be interested to know that the number of state employees increased from 1567 in 1907 to 4379 in 1917. You will see no necessity for publishing the fact that the "traveling expenses" of state employees increased from \$23,600 in 1907 to \$210,000 in 1917, or about 800 per cent.

But if you belong to the taxpaying class you will be mightily interested to know the why of these facts. The place to find out is in the pages of

FARM and RANCH

The Farm Paper of the Southwest

The time to find out is now. Senator John O. Willacy's eye-opening serial "The Heavy Hand of Invisible Rule" is now running. It contains more straight facts about the Invisible Forces that are the REAL governing power in Texas than have ever been published before about this state or any other.

If you want to know where the dollars you pay in taxes actually go, here is your chance. Here is your chance, too, to learn something about the value of your vote. You thought it as good as the next man's. Yes, but what show does it stand against the 30,000 mobilized, irresponsible votes that are voted every year, many of which come from the remeteries?

All of this is now being shown in FARM AND RANCH.

The Farmer's "Right Hand Man"

For nearly forty years FARM AND RANCH has published facts and information of inestimable value to the farmers. It has done more to modernize and improve the farming methods of the Southwest than any other publication. It is in every respect the most helpful publication that a farmer can have about the place.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and cleanse your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate so let them eat anything afterwards.

SOCIETY
Miss Laura Lu Waring entertained with a bunco party last evening. An entertainment at the Waring home is always enjoyed, and this was no exception. Several old fashioned games were also played and Miss Louise Burks was the fortunate girl and Mr. Cecil Evans the unfortunate boy who won the prizes—a crepe de chine handkerchief with a patriotic emblem for Miss Burks and a group of allied flags for Mr. Evans. Waldorf salad, cheese sandwiches, pickles and cocoa was served at the close of the games to Misses Mary Reeves, Christine Donaho, Ernestine Atwood, Maidee Williams, Louise Burks, Golden and Vida Jones, Glennie Hoff and the hostess. Messrs. Floyd Moody, Jerome Kearby, Will and Mouhon Reeves, Cecil Evans, Wayne Hill, Raymond Sherrill, Ira Clemons and Tom Steevens.

Miss Mary Godbold entertained with a dance at the home of her grandmother, Mrs. T. O. Moore, on Friday evening for the "sub-deb" crowd, who are just at the age to always have a good time. Those present were Misses Guida B. Kittle, Alma and Velma Atwood, Hantzen Cox and Mary Godbold. Billy Scurry Aubrey McDonald, Gene Bennett, Leslie Moore, Allen Bennett.

Birthday Party.

Mrs. Walter Durham and Mrs. M. K. Witt, at the home of the latter, jointly entertained a number of little folks last Saturday afternoon from 2:30 to 4:30 in honor of their little sons, Winston Durham and Mark K. Witt Jr., each being 5 years old on that day.

Various games were played until 3:30 when the children were called into the dining room where they gathered about the table, the honorees taking their places at either end where a white birthday cake with five pink candles in pink rosebud holders, had been placed for each of the two boys whose birthday was being celebrated. Amid much merriment each boy lighted his candles, while Mrs. Durham and Mrs. Witt, assisted by Mrs. W. H. Hamilton, served whipped white and pink jello and cream, white cake, wafers and punch to each little guest.

Instead of the usual custom of taking little gifts to the birthday party, being observed, each child, when invited was requested not to do that, but donate that little gift in money to the Red Cross.

The following were present: Henry and Claude Meadows, Grace and Lalla Brightman, Dorothy Russell, Hazel and Johnny Rieger, Webb Jenkins, Nita and Rita Donaho, Maurice and Gilmore Durham, Billy Benneett, Allen and Alice Russell Hamilton, Nat Godbold, Burline McCollum, Kathryn Clarke, Editha Grace Williams, Winston Durham, Mark K. Witt Jr., and Mrs. R. W. H. Hamilton.

LIEUT. COL. FROM COMANCHE WRITES TO HOME FOLKS

Says to Prepare for Three More Years of War With Teutons.

Comanche is proud of its representative at the front in France, Lieut. Col. Jesse Richmond Holman. He is with an engineering regiment, Colonel Holman is the son of Mr. and Mrs. J. A. Holman of Comanche; a graduate of A. & M.; built railroads in Honduras and Central America, and Captained Company M, 4th Texas Infantry, in the Spanish-American war. By experience he is fitted for his task abroad.

Extracts from a letter he has written to his father at Comanche follows:

"Either by fortunate coincidence or maybe prearrangement, of which I have no knowledge, I have fallen into a most important work, for which my experience especially fits me. I am most proud and gratified to find that I am and can be most useful and helpful in most important matters. Of one thing we over here are more and more convinced, viz., Uncle Sam is into it up to his neck. At their great distance away from the actual war field—all of France—our people cannot and will not fully realize just what a serious undertaking we are embarked upon and we are most assuredly going to have to tackle the job in heroic manner—men and resources—all in a pot.

"In Paris the other night I had a talk with a Canadian officer who has spent twenty-three months at the front and got many sidelights on the situation. It is not upon this information directly but rather on a matter of personal opinion that I think the end is a long ways off. I am afraid we are in for another three years of it and by that time—if it does last so long—there are going to be many desperate peoples in the world and the evils of it will go down to generations.

"The duty of home folks no less important than ours here is going to be, as a wholehearted, unreserved support and allegiance to the cause and a determination to face willingly most drastic sacrifices and deprivations.

"As to our alternative, it is exactly as the President said: 'There is no alternative for us.' If the Teutons conquer the European allies the United States will have to face the malone or submit to such bondage as no people in the world were ever similarly called upon to submit to. The fact that we would assuredly have to pay the whole cost of the war would not be the most important one, nor the most dreaded one. We would surely have Prussian overseers in every state, county and town. The county officials would act under their orders, the banks would submit to them reports.

"Of course, as I said, this is an alternative none will consent to face." — Fort Worth Star-Telegram.
